

Tire Removing

BB SERIES TOOL

10 Ton Hydraulic

Unseat tire beads hydraulically on 25" to 49" diameter earth mover rims with pry bar pockets.

TIRE REMOVING TOOL (Bead Breaker)

- Made to fit into the pry bar pocket
- Hydraulic pressure does all the unseating.
- Lightweight and portable.
- P55 hydraulic hand pump and 9764 hose recommended to be used with BB1600.
- Ideal for field service repairs of large Off-The-Road (O.T.R.) Tractor, Truck, Grader, Farm and Earth Mover tire rims with pry bar pockets.

HYDRAULIC TOOLS

Hydraulic hand pump & hose sold separately.

700 bar
